PERKINS SCHOOL OF THEOLOGY

Community Life

Theological reflection and education for ministry are the purpose of the school. However, these imply a concern for the total development of people in the community. This concern is manifest not only in the classroom and library, but also in a wide range of activities and associations, which make up the life of the school.

Worship is a central element in the life of the school. Brief services of worship led by students and faculty are held daily. The principal worship services of the school are held on Wednesdays and Thursdays. These services are planned by a committee of faculty and students and include elements from the many worship traditions represented in the Perkins community. Community lunches are held Tuesday through Friday during the term. Common meals, celebrating holidays or highlighting special groups or themes, take place several times each year. Individual resident hall groups also get together for meals and social events.

There are a number of student organizations and groups. Every regularly enrolled student is a member of the Perkins Student Association, which assumes responsibility for those aspects of student life and government that are not directly under the jurisdiction of the Perkins faculty. An elected PSA council governs the association. Student representatives also serve on the standing committees of the faculty. Committees of the PSA council deal with social justice, social life, ecumenical affairs, academic concerns and worship. Several active student groups are recognized and funded by the PSA council, including Black Seminarians Association, L@s Seminaristas, the Order of St. Luke, Affirming Religious Community and International Students of Perkins.

Seminary Singers is a choral group open to all Perkins students, under the leadership of the Master of Sacred Music program. The group sings in the weekly chapel services and on other occasions throughout the year.

Special programming and events for the

ADMISSION

DEGREES OFFERED

Perkins offers a variety of degree programs. Education for church leadership is provided through the Master of Divinity program, intended primarily, although not exclusively, for persons seeking ordination. The Master of Arts in Ministry program has as its main objective the preparation of people for specialized church ministry. The Master of Sacred Music program is offered in cooperation with the SMU Meadows School of the Arts for the education of leaders in church music. A student seeking ordination as a deacon within the United Methodist Church may pursue required courses within any of the above degree programs. The Master of Theological Studies program is primarily for people who wish to engage in serious theological study, especially for those considering a doctoral degree. The Master of Theology program is designed for students to fulfill one or more of three goals: enhancing the practice of ministry through advanced study of a particular theological or pastoral discipline, examining a specific aspect of the Christian religion/traditions or function of Christian ministry, and preparing for more advanced study at the doctoral level. The Doctor of Ministry degree program provides advanced education for church leadership and is available for students who hold the M.Div. or an equivalent degree.

Perkins also cooperates in the Graduate Program in Religious Studies of Dedman College, which offers the M.A. and Ph.D. degrees. These degree programs are intended chiefly for those interested in college and university teaching and scholarship in religious studies. Further information concerning them can be obtained from the director of the Graduate Program in Religious Studies.

HOUSTON-GALVESTON EXTENSION PROGRAM

Students who are admitted to study for the M.Div., M.A.M., M.T.S. or Th.M. degrees may enroll in classes held at St. Paul's United Methodist Church in Houston and Moody Memorial First United Methodist Church in Galveston. Under this program, students may earn a significant portion of their degree requirements in weekend and evening classes. A typical class will be offered in a four-week module on Thursday evenings, alternate Friday evenings and alternate Saturdays. Thus, students may be able to complete a minimum of two courses per term.

Most courses in the Houston-Galveston program are taught by full-time Perkins faculty. All classes earn degree credit and meet the same requirements as comparable courses taught in Dallas. The Bridwell Library provides a reserve shelf for required and recommended texts. Computer links to the Bridwell catalog are available, and most research materials can be delivered to students in Houston or Galveston within a few days. Other libraries in the Houston area also have extended privileges to Perkins students. Community life is enhanced through regular worship and social events.

Students applying to begin their studies in the Houston-Galveston program must meet the requirements for admission to their respective degree programs as detailed in this catalog. Nondegree applications are also accepted.

Students must complete at least 24 hours of study on campus in Dallas. Students in all degree programs may need to take more than the minimum number of hours in Dallas in order to complete certain required courses in a timely fashion. Prospec-

tive students are encouraged to consult with the Office of Admissions and Financial Aid at 1-888-THEOLOG (843-6 564) or 214-768-2293 or theology@smu.edu, regarding course offerings and degree requirements.

THE ADMISSION PROCESS

Requirements for admission to each of the Perkins degree programs are outlined in the more detailed descriptions of each program found in the next section of this catalog. Persons seeking admission should contact the Office of Admissions and Financial Aid well in advance of the term in which they wish to matriculate, since the

required for the degree already completed and no more than half of the credits required for the Perkins degree may be granted on the basis of advanced standing. A student interested in the possibility of advanced standing should notify the registrar prior to the beginning of coursework.

Admission With Advanced Placement Without Credit

A student who, by means of coursework prior to entering Perkins, has achieved

Admission of Nondegree Students and Auditors

People who have a B.A. or equivalent degree and who wish to take courses for credit but who do not wish to enter a degree program may seek admission to Perkins as a nondegree student. The student must submit a completed application (available from the Office of Admissions and Financial Aid) along with official transcripts of all

MASTER OF DIVINITY

PURPOSE

The Master of Divinity degree is designed primarily for students who plan to be ordained clergy and serve in Word, sacrament, service and order. It may also equip a person for other specialized ministries.

REQUIREMENTS FOR ADMISSION

The number of new students to be admitted each year is determined by policies of selection established by the faculty. The following considerations are decisive:

1. Seriousness of purpose, emotional stability and likelihood of satisfactory performance in the degree program and of responsible membership in the Perkins and Southern Methodist University community.
2. Presence of and potential for growth in those emotional, moral and spiritual qualities requisite for the profession of ministry and the absence of patterns of personal behavior tending to be seriously disabling to ministry.
3. Academic ability as shown by a minimum GPA of 2.750 (on a 4.000 scale) in a well-balanced curriculum. Normally, an applicant must hold the B.A. or equivalent degree from a college or university accredited by a regional accrediting body

Beyond the evidence of ability furnished by transcripts, applicants may be asked to demonstrate their preparation for theological study by adequate performance on either the GRE graduate school entry exam or the Miller Analogies Test.

To supplement the data furnished by transcripts, letters of reference and other written material, a personal interview with the director of student services or with a person designated by the director may be required of the applicant.

REQUIREMENTS FOR GRADUATION

The M.Div. program requires 73 term hours of academic credit: 64 term hours of coursework and nine term hours earned through the satisfactory completion of a supervised internship. Each M.Div. student will also enroll in a spiritual formation group for two terms, normally the first year of study, for one term hour of credit for the second term.

Course Requirements

The course requirements, totaling 64 term hours, are as follows:

I. Thirty term hours of basic theological studies:

A. Twelve term hours in biblical studies:

1. Three term hours in OT 6301 Interpretation of the Old Testament I.
2. Three term hours in OT 6302 Interpretation of the Old Testament II.
3. Three term hours in NT 6301 Interpretation of the New Testament I.
4. Three term hours in NT 6302 Interpretation of the New Testament II.

Students choosing to study one or both of the biblical languages (Hebrew and Greek) must complete the following:

for continuation beyond the second term and for continuation in school beyond the fourth term.

Admission to Candidacy

M.Div. students will be reviewed for admission to formal candidacy for the degree in the spring term following the completion of 27 term hours of academic work. A student will be admitted to candidacy provided he or she is not on probation and is not disqualified for having given insufficient evidence of fitness for ministry (described in the Fitness for Ministry section). Admission to formal candidacy signifies that the student is proceeding satisfactorily in his or her work and may be considered for the degree upon completion of all the requirements, but it does not oblige Perkins to grant the degree.

Ordination Requirements

Students preparing for ordination should become aware as early as possible of any specific educational requirements their denomination or judicatory may expect them to satisfy in the course of their M.Div. work (e.g., in the biblical languages or in

Students are evaluated and given credit by the group facilitators on the basis of attendance and engagement with the subj

the CPE intern and will consult with the CPE supervisor regarding satisfactory completion of the internship requirement. Students considering a CPE internship should be aware of the following:

1. A student may not receive both six elective hours of credit in pastoral care for an introductory unit of CPE (PC 7639) and nine credit hours for a CPE residency internship.
2. Many CPE programs require students to complete an introductory unit before they apply for a residency.
3. Many CPE residencies begin and end in August.

During internship, students do ministry under supervision and reflect theologically on their experiences. As the interns become more competent and self-confident in carrying out the tasks of ministry and gain theological, emotional and spiritual maturity in their understanding of it, they prepare themselves to provide resourceful, faithful Christian leadership in the world.

The design of the Perkins Intern Program assumes interns to be adult learners who can assess and value their past experiences and vocational goals and build on these creatively and systematically in pursuing the learning opportunities offered at their particular internship site. To that end, the internship course curriculum specifies a set of required competencies under each of three categories: be aware, think theologically and lead faithfully .

The Perkins Intern Program faculty partners with pastoral staff and laity at congregations and agencies and with mental health professionals experienced in church family systems to provide supportive superv

Spiritual Formation

All students completing the M.A.M. degree are required to register for the program in spiritual formation. Students are required to attend a daylong orientation held in conjunction with the new student orientation program and are then enrolled in formation groups. These groups meet weekly throughout the fall and spring terms during the first year of the program.

Led by facilitators in groups of five to 10, students share in a formative experience

formation and at least one of the foundational courses for the student's specialized degree track.

ministry. A lack of fitness for ministry may be demonstrated by patterns of personal behavior that inhibit effective ministry. Examples of such patterns include irresponsibility in social and/or professional relations and emotional instability. Formally, the presence of patterns of personal behavior tending to be seriously disabling to ministry may be grounds for the faculty to disqualify a student from graduation with the M.A.M. degree, or, if the prognosis justifies it, to defer awarding the degree until such time as the disabling pattern is overcome.

It is to be emphasized that personal fitness for ministry is not defined narrowly in terms of a particular form of piety or style of personal behavior. Nor does Perkins assume the role that belongs properly to those agencies of the church that evaluate candidates for ordination or for professional service to the church. When asked, it assists such agencies in their evaluation of candidates.

Time Limit

All requirements for the M.A.M. degree must be completed within five calendar years from the time of initial registration.

Ordination Requirements

Students preparing for ordination should become aware as early as possible of any specific educational requirements their denomination or judicatory may expect them to satisfy in the course of their M.A.M. work. They should explore, with their academic advisers, how best to deal with these expectations. Students who are preparing for ordination as deacons in the United Methodist Church should take as their electives HX 7365 United Methodist History, ST 7034 United Methodist Doctrine, CA 7013 United Methodist Polity, WO 6313 Introduction to Christian Worship, and EV 7307 Theory and Practice of Evangelism.

REQUIREMENTS FOR ADMISSION

Applicants for the M.S.M. program must hold a Bachelor of Music or Bachelor of

REQUIREMENTS FOR GRADUATION

Planning a Program of Study

The course of study includes some work taken in common by all M.S.M. students and some work that is designed to serve the individual student's particular needs and interests. Each student elects one of two options for concentration in performance study: organ or choral studies. All entering students must take graduate placement examinations administered by the Division of Music during the week of registration. These examinations aid in determining the student's strengths and weaknesses in the areas of music history, literature, theory, aural perception and, for choral conductors, keyboard proficiency. The results are used by the student and his or her adviser in planning a proposed course of study for the degree. After successfully completing 12 term hours of approved coursework, each student, in consultation with his or her adviser, will prepare and submit a Proposed Course of Study to the director of the M.S.M. program. Any subsequent alterations to this proposal must be submitted in writing for approval.

Course of Study

The requirements for the M.S.M. total 48 term hours, and they may be completed in two years (usually including summers) depending on the results of the Graduate Placement Examinations. Those pursuing an additional graduate music degree in Meadows School of the Arts or fulfilling the requirements for deacon's ordination in the United Methodist Church will require up to an extra year of study. The 48 hours for the M.S.M. are distributed as follows:

- I. Twelve term hours in theological studies:
 - A. Six term hours of Bible:
 - OT 6301 or 6302 Interpretation of the Old Testament I or II.
 - NT 6301 Interpretation of the New Testament I or NT 6302 Interpretation of the New Testament II.
 - B. Three term hours of WO 6313 Introduction to Christian Worship.
 - C. Three term hours of ST 6301 Interpretation of the Christian Message I or three term hours of HX 6305 The Christian Heritage I or HX 6306 The Christian Heritage II.
 - D. Participation in a spiritual formation group for two terms during the first year.

Notes

- B For United Methodist students pursuing deacon's orders, these 12 hours may count toward the 24-hour requirement. It may be possible to use elective hours (described in IV below) to satisfy more of the 24-hour requirement.
- B The prerequisite course for WO 6313, XS 6310 The Church in Its Social Context, is not required for the M.S.M. degree.

- II. Ten term hours of church music study:
 - A. Three term hours of CM 8330 .
 - B. Three term hours of CM 8331 .
 - C. Three term hours of CM 8332 .
 - D. One term hour of CM 8120 .

Note

III. Six term hours of study in professional skills and methods:

- A. Three term hours of MUTH 6330 Analytical Techniques, MUTH 6300 Music of the 21st Century, MUTH 6360 Analysis of Tonal Music or MUTH 6326 Seminar in Music Theory.
- B. Three term hours of MUHI 6335 Introduction to Graduate Studies.
- C. Participation for two consecutive terms within the same academic year in a Meadows choral ensemble, as determined by placement audition.
- D. Four terms of enrollment in MUAS 6010 Recital Attendance.

Note: Placement exams in music history and theory will be administered during the week before classes begin in Meadows School of the Arts.

IV. Elective hours in Meadows or Perkins:

Six hours for the organ concentration or five term hours for the choral concentration. These hours will be determined in consultation with the student's adviser on the basis of the outcome objectives of the M.S.M. program and the student's competency to meet these objectives.

Note: For the organ concentration, a portion of these hours may be used for choral conducting depending on the placement evaluation. No more than three elective hours of applied study in Meadows may be counted toward the degree requirements.

V. Hours in performance concentration and proficiency:

- A. Organ concentration (14 hours):
 - 1. Eight term hours of private organ study (four two-hour terms).
 - 2. Two term hours of PERB 6212 Improvisation and Service Playing.
 - 3. Three term hours of MUHI 6320 Organ History and Literature.
 - 4. One term hour of

During the student's final term of enrollment, he or she will be given a set of comprehensive written examinations covering the major areas of study and related fields. Satisfactory performance on these examinations and a minimum cumulative GPA of 3.000 or a grade of B on all M.S.M. work are required for graduation.

Students seeking ordained deacon status in the United Methodist Church will need 12 additional hours beyond the required coursework for the M.S.M. degree. For specific information, contact the

REQUIREMENTS FOR ADMISSION

The requirements for admission to the M.T.S. program are the same as those for

ber of formats, such as a paper, a public lecture, a website or a pilot project. No additional credit hours are given for a summative project.

Time Limit

REQUIREMENTS FOR GRADUATION

Course Requirements

The Th.M. program requires 24 term hours. Given the open nature of the inquiry that students in the Th.M. program will pursue, there are no explicitly required courses. The student will prepare a plan for study establishing the parameters of study for the degree program, including a specific area of focus and courses to be taken, to be approved before final enrollment. These courses will meet the following guidelines:

- B All courses will be at the 7000 level or above.
- B At least two courses will be at the 8000 level.
- B One course may be a directed reading course. This course will require a minimum of one research paper of at least 5,000 words.

Th.M. candidates must maintain a B (3.000) GPA in order to continue in the program and graduate. Students may choose one of two options to fulfill the requirements of the program:

1. A thesis of 12,500 to 18,750 words (50–75 pages) on a topic related to the stu-

2. A portfolio that includes written and other material submitted in fulfillment of the student's course requirements. The material chosen must represent all the courses taken and cover all aspects of the approved plan for study. The portfolio must include at least two research papers of not less than 5,000 words (20 pages) each.

Assessment

The school will review theses and portfolios in aggregate to assess the overall success of students in the program and to identify areas where instruction and other aspects of the academic experience can be improved.

Advising

In order to facilitate the needs of applicants, the associate dean for academic affairs will serve as initial reader of the applicants' plans for study and will assist successful applicants in covenanting with a final adviser and thesis supervisor as needed.

Thesis Supervision and Review

The Committee on Academic Programs will prepare thesis guidelines for the approval of the faculty. The associate dean for academic affairs will arrange for orientation of thesis advisers.

Time Limit

All requirements for the Th.M. degree must be completed within five calendar years from the time of initial registration.

The second seminar, DM 9019 Professional Project II (prospectus seminar), helps the student define the necessary research to undertake a ministry practicum, design effective strategies and methods to use in a practicum and develop ways to evaluate this experience.

student's practicum. The entire committee will guide, read and evaluate the student's professional practicum and project thesis. When the professional project is completed satisfactorily as determined by the committee in consultation with the director of the D.Min. program, the student will participate in an oral evaluation on the school campus by the committee on the professional project thesis. 1. The professional project is an approved practicum experience and written thesis that articulates the theological and theoretical rationale for the practicum with theological reflection on the experience.
2. The professional project in both its parts (practicum and written thesis) should demonstrate the student's ability to identify a specific theological topic in ministry, organize an effective research model, use appropriate resources, evaluate the results and reflect the student's depth of theological insight in relation to ministry.
3. The written project thesis must be submitted in an approved style and format.
4. Upon completion of the professional project and with the student's D.Min. committee's permission, the student will sit for an oral examination administered by the project committee and open to the public covering the project and the student's integration of her or his theology and practice of ministry. ENROLLMENT POLICIES

Course Scheduling and Enrollment Cycles

When students enter Perkins and into a specific degree program, they are assigned an academic adviser. Students should consult with their adviser or the associate dean for academic affairs for course scheduling, schedule changes, petitions, degree requirements and other such academic concerns. The Perkins director of academic services monitors academic progress and maintains degree plans for all Perkins students. Students should schedule a conference with the Perkins director of academic services prior to their final year as a student to ensure that they are meeting all University and graduation requirements.

Each student is personally responsible for complying with enrollment procedures and for ensuring the accuracy of his or her enrollment. Students are expected to confirm the accuracy of their enrollment each term. Students who discover a discrepancy in their enrollment records after the close of enrollment for the term should immediately complete an Enrollment Discrepancy Petition. Petitions are to be submitted to the appropriate records office within six months of the term in which the discrepancy appeared; contact information for submission of an Enrollment Discrepancy Petition can be viewed on the University Registrar's Office website at www.smu.edu/EnrollmentDiscrepancy. Petitions submitted later than six months after the discrepancy may not be considered.

Schedule Changes

The deadline for adding courses, dropping courses without grade record and changing sections for each enrollment period is listed on the Perkins Academic Calendar, which is available at www.smu.edu/Perkins/FacultyAcademics ("Academic Services" link). Students are encouraged to seek assistance from their advisers when considering whether to add or drop a course. A student may drop a course with a grade of W (Withdraw) through approximately mid-term by using the my.SMU Self-Service Student Center. The specific deadline is listed on the Perkins Academic Calendar.

After the deadline date on the Perkins Academic Calendar, the student may not drop a class. All schedule changes must be processed by the deadline date specified on the Perkins Academic Calendar. Note: Schedule changes are not complete for official University record purposes unless finalized in the University Registrar's Office.

Student-Athletes. Students must consult with the Athletic Compliance Office prior to dropping a course. In the consultation, the student will review the effects the drop might have on his or her athletic participation and financial aid. After the consultation, the Athletic Compliance Office will update my.SMU to allow the student to process the drop, if necessary. The consultation is advisory; students are responsible for their enrollment. For assistance regarding scholarships or other aspects of being a student-athlete, students should contact the Office of the Assistant Athletic Director for Student-Athlete Development.

International Students. Students must consult with the International Center prior to dropping a course. If dropping a course will cause the student to be enrolled in fewer than the required number of hours to remain a full-time student, the student's immigration status could be affected. After the consultation, the International Center will update my.SMU to allow the student to process the drop, if necessary. The consultation is advisory; students are responsible for their enrollment.

Students on Merit or Need-based Financial Aid. Students should consult with their financial aid adviser and the director of student services at Perkins prior to dropping a course. If dropping a course will cause the student to be enrolled in fewer than the required number of hours to remain a full-time student, the student's financial aid status may be affected. After the consultation, the student may drop a course through my.SMU Self-Service. The consultation is advisory; students are responsible for their enrollment. Questions regarding this procedure or financial aid should be directed to the Office of the Associate Financial Aid Director and the director of student services at Perkins.

Withdrawal From the University

Policies on refunds for withdrawal from the University are found in the Financial Information section of this catalog and in the Financial Information Bulletin, which can be accessed online at www.smu.edu/bursar ("Financial Bulletin" link). Online/distance students who reside outside of Texas should visit the SMU Right to Know Web page to learn about state-specific refund policies. No refunds are made without an official withdrawal.

Students should be aware of the difference between a drop and a withdrawal and remember that they have different deadlines and separate financial policies. The deadlines for each are posted each term on the Perkins Academic Calendar. A drop occurs when a student removes one or more courses from his or her schedule and remains enrolled in at least one credit hour for the term. A withdrawal occurs when removing the course or courses will result in the student being enrolled in zero hours for the term.

If a student removes all courses from his or her schedule prior to the first day of the term, the transaction is considered a cancellation and does not result in financial penalty or impact the student's transcript.

A student who wishes to withdraw (resign) from the University before the end of a term or session must initiate a Student Petition for Withdrawal form and secure approval from his/her school's records office. The records office will then submit the form to the Office of the University Registrar. The effective date of the withdrawal is the date on which the Student Petition for Withdrawal is processed in the University Registrar's Office. Discontinuance of class attendance or notification to the instructors of intention to withdraw does not

drawal is the last day of class instruction for the term from which the student is withdrawing.

Withdrawing students living in SMU housing must check out of the residence halls with the Department of Residence Life and Student Housing per established procedures.

Wisconsin Refund Policy. The following information applies only to students enrolled in distance/online courses who reside in the state of Wisconsin. The Wisconsin Administrative Code contains provisions related to online/distance education for students residing in that state. Sections

Audit Enrollment (Course Visitor)

SATISFACTORY PROGRESS POLICIES

Academic Probation

Academic probation is a serious warning that the student is not making satisfactory academic progress. A student on academic probation is still eligible to enroll and is considered in good standing for enrolling in classes and for certification purposes. Academic probation is not noted on the permanent academic record; however, a

ferral date. Students taking coursework at another institution and transferring the course(s) back to SMU are responsible for ensuring that the Perkins director of academic services office receives their official transcript in order for their degree to be conferred for the anticipated graduation term.

SMU has three degree conferral periods for most programs: fall (December), spring (May) and summer (August). In addition, students who complete their degree requirements during a Jan Term (January) will have their degrees conferred at the conclusion of the intersessions.

Commencement Participation

An All-University Commencement Convocation is held in May for students on schedule and enrolled to complete degree requirements during the spring term. Students on schedule and enrolled to complete all degree requirements during the following summer session may also participate in the University Commencement Convocation, although their degrees will not be conferred until August. Students may also participate in the afternoon ceremony at Highland Park United Methodist Church following the University commencement.

An All-University December Commencement Convocation is held each year for students completing degree requirements during the fall term. Students who completed degree requirements during the previous summer session may also participate. Students on schedule and enrolled to complete all degree requirements during the following Jan Term (January) intersession may also participate in the December ceremony, although their degrees will be conferred in January.

A student may participate once in either the All-University Commencement Convocation in May or the All-University December Commencement Convocation for a given degree, but not both.

To participate in a ceremony, a student must apply online and file with their school's records office an Application for Candidacy to Graduate or Intent to Participate Form.

Statute of Limitations for Degree Plans

A student who has been readmitted to the University following an absence of more than three years will be expected to meet all current requirements for graduation.

PERKINS GRADUATE PROGRAMS POLICIES AND PROCEDURES

The Academic Year

The academic year is divided into fall and spring terms. In addition, Perkins holds a summer term and a January interterm. All course requirements for the M.Div., M.A.M., M.S.M., M.T.S. and Th.M. degrees may be satisfied during the regular academic year, although courses fulfilling certain requirements in these programs are normally available in the summer term as well.

Course Loads

upon their overall curricular planning and the time limit established in each degree program for the completion of all degree requirements.

In considering course load, students should be guided by the principle that the number of hours of a student's time to be devoted to any course per week should be approximately four times the number of term hours of credit assigned to the course. For example, a three-term-hour course should occupy about 12 hours of the student's time each week, counting the time spent in class. Assignments are made accordingly.

Coursework

Regular attendance is expected in all classes. In the event of unavoidable absences, students are responsible for securing from their colleagues any information about lectures or assignments missed, and, if their absence is unexcused, they assume the risk of missing quizzes or other graded in-class work. A student who anticipates an unavoidable extended absence from school should notify the associate dean for academic affairs, who will in turn notify the instructors involved. An excessive number of unexcused absences may result in a reduction in the student's grade or

instructors if they have any questions about expectations and procedures in this regard. Each new student is required to take and pass the Academic Honesty tutorial in Blackboard.

Students With Disabilities

Students with disabilities, including learning disabilities, should know that their instructors at Perkins welcome being informed of the situation, particularly as it might bear upon a student's coursework. Upon request, and within reasonable limits, alternative arrangements may be worked out between instructor and student regarding examinations and other assignments, when that seems appropriate. A written statement from a health professional attesting to the disability is required. A student who wishes to pursue this possibility should notify the instructor(s) concerned well in advance. For further information and counsel, students should consult the associate dean for academic affairs and SMU's Office of Disability Accommodations and Success Strategies Office at 214-768-1470.

Special Courses

Perkins students may register for graduate-level courses in other schools of the University after consultation with the associate dean for academic affairs. M.Div. students may register for a total of nine credit hours and M.T.S. students for six credit hours.

It is possible, in exceptional situations, to register for a reading course. Ordinarily, no more than one reading course may be taken during a student's program of study. The student must have completed the required coursework in the pertinent field, the course must be on a subject not covered by regularly scheduled courses and the procedure for application must be completed by the end of the advance registration period in the term preceding that in which the reading course is to be taken. Reading courses do not count toward the 24 hours of study on campus in Dallas required of students enrolled in the Houston/Galveston program. STUDENT AFFAIRS

The mission of the Division of Student Affairs (www.smu.edu/studentaffairs) is to develop, with others in the University, opportunities for students to become productive citizens through the creation of challenging environments that contribute to students' intellectual, spiritual, physical, social, cultural, moral and emotional growth, and, in so doing, engage them with the widest range of persons within the University and beyond. The vice president for student affairs oversees programs, services and activities that complement students' academic pursuits and promote their development, success and cocurricular learning. The Division of Student Affairs includes programs and services in the areas of student transitions, student life and well-being, and values and community, as well as resources, operations and initiatives.

Concern for and realization of the full development of each student in and out of the classroom constitutes one of the major goals of the University. Consequently, the division's programs are designed to support and supplement SMU's formal academic work. Many departments exist to provide services for the benefit and convenience of SMU students. The Division of Student Affairs encompasses a broad range of programs and services dealing with housing and residential matters, physical and mental wellness, personal and career counseling and testing, recreational sports and intramurals, religious affairs, multicultural student programs, as well as student conduct and community standard matters, new student orientation, leadership programs, volunteer opportunities and women's programs.

STUDENT TRANSITIONS

The Office of Student Transitions and Orientation provides on-going programs and services that support students and families in transition to SMU and throughout the collegiate experience. The office supports a welcoming and inclusive atmosphere, connects students to University resources and people, acquaints new students with institutional expectations and values, promotes learning and discovery inside and outside of the classroom, and fosters pride in the SMU community.

Student Transitions and Orientation

www.smu.edu/newstudent

Academic Advising, Registration and Orientation events for all incoming students take place in July, August and January. As part of the AARO sessions, students meet one-on-one with an academic adviser and register for classes. An extended orientation experience, Mustang Corral, is coordinated by the Office of Student Transitions and Orientation during August each year.

Academic Integrity and Code of Conduct

The Honor Code of Southern Methodist University

Intellectual integrity and academic honesty are fundamental to the processes of learning and of evaluating academic performance, and maintaining them is the responsibility of all members of an educational institution. The inculcation of personal standards of honesty and integrity is a goal of education in all the disciplines of the University.

The faculty has the responsibility of encouraging and maintaining an atmosphere of academic honesty by being certain that students are aware of the value of it,

Students are required to identify themselves when asked by a properly identified faculty or staff member, or by another student serving as a University staff member. Persons who are not members of the University community and without business on campus may be asked to leave.

Conduct Review Process

Clear disciplinary procedures are an important part of the mission of SMU as an educational institution. The intent of the system of due process at SMU is to be educational and not merely punitive for students. The goal continues to be to produce quality citizens. The purpose of the conduct review process is to encourage personal responsibility.

Depending on the degree of misconduct, a student may be subject to sanctions ranging from an informal warning to expu

values and personality through the use of assessments, students can increase their self-awareness and make better-informed career decisions. Counselors are available to help students develop an individualized career action plan.

On-Demand Advising. The Career Center offers 15-minute sessions to drop-in visitors on a first-come, first-served basis. On-call counselors are available to introduce students to the Career Center's services and to address any time-sensitive

dents who get involved outside the classroom tend to be more successful during their college experience. The department supports more than 180 extracurricular opportunities for SMU students through 32 academic and professional associations, four campus programming councils, nine community service coalitions, 31 fraternities and sororities, 10 governing boards, nine honor societies, 15 multicultural organizations, two political clubs, 23 club sports, 29 religious organizations and 17 special-interest groups. Higher-education professionals advise and support specific areas of involvement, including diversity, programming and governance, and are available to answer student's day-to-day questions about getting involved.

The Student Activities Office, located on the third floor of the Hughes-Trigg Student Center, Suite 300, is the hub of activity for SMU student organizations. Many out-of-class programs planned and implemented by students are considered cocurricular in that they are designed to complement a student's educational experience. These student groups and their committees provide many opportunities for students to become involved as leaders or participants.

Additional information is available online, including organization interests or type, membership requirements, contact information and event calendars. The department can also assist students in forming a new organization.

Eligibility Requirements. Campus activities and organizations are an integral part of the developmental experience for SMU students. Leadership skills and interpersonal, social and cultural enhancement are but some of the benefits associated with out-of-class participation. Accordingly, students who hold office in a student organization or represent the University as a member of a sponsored campus group

cacy, information, referral services and leadership experiences, the center provides a safe haven for students struggling with issues of injustice and oppression. Student organizations advised here include the Women's Interest Network; Campus YWCA; Women in Science and Engineering; and Spectrum, the lesbian, gay, bisexual, transgender and ally organization. Also housed in the center is the SMU Women's Symposium (www.smu.edu/womsym), which is part of the Education of Women for Social and Political Leadership series, established in 1966. The center provides an informal, homelike atmosphere where members of the SMU community can meet.
