

Minutes of the Graduate Council
June 21, 2021

Members in Attendance:

Ali Beskok, Jodi Cooley, Alan Itkin, Adam Jasienski, Akihito Kamata, Elfi Kraka, Renee McDonald, Brian Molanphy, Alexandra E. Pavlakis, Anthony Petrosino, James E. Quick, Gretchen Smith

Ex officio members: Suku Nair, Heather Shaw

Members Not in Attendance:

on two items for the Moody School of Graduate and Advanced Studies Administrative Handbook: "Review of Timeline Extensions for Advancement Candidacy and Graduation for Ph.D. Students" and "Approval of Graduation and Collection Graduation Surveys for Ph.D. Students." The Council also voted by electronically on the April meeting minutes. The Administrative Handbook items passed 12-0; the April meeting passed 12-0; the May meeting minutes passed 10-0 with two abstentions (see slides 3-5 on attached PowerPoint presentation).

- **Ph.D. recruitment grants:** Dr. Itkin went through the proposal for this program, which was

after this meeting. A final version of the proposal would then be prepared for the Council's vote, and the vote would be held online.

- **M.F.A. students in the Moody School:** Dr. Quick explained that it has always been part of the planned development of the Moody School to bring M.F.A. students under the umbrella of the Moody School in the phase two of the school's growth. This was envisioned in the 2018 Graduate School Task Force Report, which provided the road map for the school's development that was the basis for the Moody Foundation gift. However, there is additional impetus for integrating M.F.A. students into the Moody School at this point: It will provide a strong rationale in support of a proposed M.F.A. Health Insurance Program that has been put forward for budgetary approval in previous years but has yet to be approved. Dr. Itkin explained that there would still be work for the Council over the course of the coming year in determining how the policies in the Administrative Handbook apply to M.F.A. students and that therefore a proposed start date for the M.F.A. students as fully integrated into the Moody School would be Fall 2022. Dr. Quick asked for a vote of the Council on a resolution in favor of bringing M.F.A. students into the Moody School. All voting member of the Council present at the meeting y(s)1.7d

•

1. Results of votes on handbook items and previous meeting minutes
2. Ph.D. recruitment grants
3. M.F.A. students in the Moody School
4. Graduate student teaching awards
5. Graduate appeals policy
6. GRE requirement for Fall 2022 applicants to Ph.D. programs
7. Other items

Approval of Graduation and Collection of Graduation Surveys for Ph.D.

Students: The Moody School is responsible for collecting Survey of Earned Doctorates information. The Moody School develops graduation lists for Ph.D. programs, works with schools and departments to ensure that lists are complete and accurate, and shares lists with the Registrar's Office. Developing graduation lists assists the Moody School in recognizing doctoral graduates in graduation ceremonies. Collecting Survey of Earned Doctorates information allows for accurate tracking of graduation statistics and accurate, uniform responses to Survey of Earned Doctorates requests for information.
