

Keyboard Proficiency and Score Reading Competencies for
MSM Choral Concentration and MM Choral Conducting Degrees

A Keyboard Proficiency and Score Reading Competency Exam will be administered to all incoming M.S.M. Choral Concentration and M.M. Choral Conducting students. If the exam is not passed initially, these skills and competencies may be developed either through individual preparation or review courses (PERB 5107/5108: Keyboard Skills for Choral Conductors). PERB 5107 and PERB 5108 are remedial and do not count toward the master's degree nor are they funded by scholarship.
