It s not enough to plan time for study. Studying for long periods in ineffective ways -- studying harder -- can waste your time. Before you begin, resolve to choose more effective study methods to make every available minute count. That s studying smarter! Here are some ideas:

- Reading alone is only a short-term memory operation, insufficient for test preparation. To produce real learning and recall, you need ACTIVE REVIEW TECHNIQUES. Research shows these produce thorough, long-term learning in LESS TIME than passively re-reading texts and notes.
